You are here / [Home](#) / [Health professionals](#) / [Doctor's Library](#)

We produce a bi-monthly digital GP magazine, **MEDISCENE**, which features articles on a variety of clinical areas with a primary care focus.

The articles are written by Bupa Cromwell consultants, who are all leaders in their specialist fields, with many coming from London's top teaching hospitals.

We hope you find these articles interesting and a useful educational tool. If there are any topics you would like to us cover, or any feedback you may have about the magazine, please contact our [GP Liaison Team](#).

### Recent issues
